Git

Experience

Student Developer

Utah Valley University, Jan 2021 – Dec 2023

- Lead Developer of a team making an inventory management system for the Digital Media Department on campus.
- Working closely with project managers, clients, and other developers/designers.
- Created and implemented new functionalities in response to client requirements and feedback.
- Supported the onboarding of new developers by familiarizing them with project technologies.

Software Engineer Intern

JourneyTEAM, Jan 2023 – Jun 2023

- Acquired proficiency in React and TypeScript through hands-on projects and guided learning sessions.
- Gained practical experience in utilizing Git tools for version control and collaborative development workflows.
- Developed sections of the company intranet, demonstrating adaptability and teamwork within a professional software engineering environment.
- Engaged in continuous learning and skill development under the mentorship of experienced software engineers, enhancing problem-solving abilities and technical competencies.

Education

Web Design and Development BS

Utah Valley University, Jan 2021 – Dec 2023

- Acquired comprehensive knowledge and skills in web design principles, front-end development, and user experience (UX) design.
- Developed expertise in modern web technologies and frameworks, laying a strong foundation for designing and building user-friendly web applications.
- Engaged in collaborative projects and practical exercises to apply theoretical concepts in real-world scenarios, fostering critical thinking and problem-solving abilities.
